

Date: 26th November

Sprint Leader: Nathan Rodrigues

members: Neoki Saito

: Xinjia Fan

: Jessica Kaur

: Zaid Islam

: Hongwei Liu

: Nathan Rodrigues

Done from last week:

Fixed some of the bugs that we found last week

1. Completed some of the ui test
2. Did bit more app debugging

By Xinjia and Hongwei:

- US 02.07.02 As an organizer I want to send notifications to all selected entrants.
- US 02.05.01 As an organizer I want to send a notification to chosen entrants to sign up for events.
- US 01.04.03 As an entrant I want to opt out of receiving notifications from organizers and admin.
- US 02.06.02 As an organizer I want to see a list of all the canceled entrants
- US 02.02.03 As an organizer I want to enable or disable the geolocation requirement for my event.

By Zaid Nathan:

- US 03.07.01 As an administrator I want to remove facilities that violate app policy

Discussed during sprint meeting:

- Tested the app thoroughly on a phone and found some bugs
- Found some of the bugs for some parts in the admin and the organizers

Goal:

- Practice for the app demo (on next Tuesday)
- Meet up on 29th for further testing and demo's
- complete the UI test
